

LENOVO VANTAGE FOR ENHANCED PRODUCTIVITY

The only preloaded Lenovo application for business, Lenovo Vantage provides unique and intelligent features that help you get the best performance out of your PC. Vantage allows easy and quick access to software updates, personalized settings, hardware diagnostics, warranty information, and technical support, all in one place. All this while you enjoy a secure computing experience. Also, Vantage provides access to the right applications for you as well as exclusive offers, deals, and giveaways from Lenovo.

Lenovo Vantage is Your Productivity Assistant.

Battery Optimization

This smart feature ensures that your laptop's battery doesn't drain out during a critical presentation as it reminds you to carry an AC charger for longer meetings. Users can extend their laptop's battery life by customizing power settings through the Lenovo Vantage Hardware Settings.

Hard Drive Protection

Lenovo Vantage's unique feature protects the physical components such as hard drives from physical shocks. When you enable the Active Protection feature, the application predicts falls or similar events and stops the disk rotations in your hard drive.

Microsoft Cortana Integration

Lenovo Vantage supports Cortana, enabling you to focus on the more important tasks at hand while Cortana can set up reminders with simple voice commands.

Effortless Migration

With easy access to Lenovo Migration Assistant, you can migrate your files, settings, bookmarks, and more to a new device through WiFi or Internet.

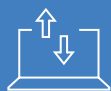

PC Health Diagnostics

Vantage enables you to perform quick diagnostics or even extensive targeted scans of hardware peripherals to detect potential issues.

Lenovo Vantage is Also Your Security Assistant.

Automatic Updates

Vantage's update engine ensures that your system is always up-to-date. This feature allows you to search and install critical and recommended updates automatically.

Built-in Security

The built-in WiFi security protects users from connecting to risky WiFi networks in public places, and detects threats or possibly malicious networks in the vicinity, in real-time.

Timely Upgrades

Vantage keeps you updated on warranty status, upgrades, and support resources with its Warranty and Support Information.

END USER BENEFITS

Its small memory and processing footprint will not hamper system performance.

Integrated with Google and Office 365 calendars, it intelligently analyzes meeting schedules and reminds you to carry a charger for long meetings.

Be it updates or hardware settings, security or support, Vantage can help you with all of these.

IT BENEFITS

Vantage's update engine ensures that you never miss an update, making it easy to keep systems optimized for best performance, reducing dependencies on IT teams.

As an IT manager, you can end your worries about users inadvertently accessing risky WiFi networks. Vantage analyzes and detects in real-time, any threats or malicious networks and recommends a legitimate network.

Vantage is preloaded on select business PCs.
